

Mayor's Report
Monday 22nd May 2017

Can I firstly thank all the Councillors for the honour of serving as Mayor this year, it is greatly appreciated and I hope I serve the town well. Our Council still faces issues that need to be resolved, although our finances show we have a healthy reserve this will be diminished with the costs of the Mariners Garden wall rebuild. There are some issues within the Hudson report that need to be addressed and this needs urgent attention by the Finance and General Purposes Committee.

I would like to thank Cornwall Council for their support with the progress on the Mariners Garden wall and their kind donation towards the costs, it is appreciated. The Community Network officer David Read has been helpful throughout the process and brought the necessary Officers together for advice when needed. A letter of thanks will be sent to them on completion of the works.

Councillor Armand Toms
36 Trenant Road, East Looe, Cornwall PL131EP
