

Tourist Information Centre Report
17th July 2017

The Tourist Information Centre has been extremely busy in June and early July.

Sale of maps and Poldark merchandise are proving to be very popular.

After a lot of work and with thanks to Cllr Rose for his IT assistance, the stock sheets are now up to date and will give accurate stock figures at the end of the financial year.

The TIC are now selling Looe Music Festival tickets on a 10% commission basis and should have t-shirts for sale as soon as they are available from the organisers.

LMF organisers have requested that the TIC is open longer hours to assist with ticket sales and have suggested they will staff these additional hours with volunteers. We await a further response from them.
