Above report covers crimes recorded for the month of February covering Looe town centre and the St Martin area.

We have had a number of domestic assaults which have taken place.

One drugs possession being a number of controlled tablets seized from a drink driver.

Two crimes of malicious communications whereby a resident of St Marys flats has continuously telephoned emergency services.

One fly tipping incident.

A dog not under proper control where a Labrador has bitten another dog which was on a lead.

We are still actively seeking the culprit(s) for the town graffiti. Police did respond to a report of three young males who were on the roof of the Guild hall. It was suggested the three males were causing graffiti at the time, all three detained and searched at the scene. No signs of any graffiti and no aerosol or markers in their possession.
