

MAYOR'S ACCEPTANCE SPEECH

14TH MAY, 2018

Can I firstly thank the Councillors as I take the position of Mayor with pride, as a Looe born and bred boy to be Mayor in his home town is a honour. As I have said many times Councillors are elected volunteers who work for their communities day in day out. I would not be able to carry out the position of Mayor without their help and support. Our new Councillors James Lundy, Beverly Richardson and Viv Sullivan show that there are people out in the community who support the ethos of working for the community. Looking forward I am expecting a very busy year with many tough decision needing to be made.

Finally, I thank the town for their support in good times and bad, we are a community with a great heart which has been proven many times over the last year.

Councillor Armand Toms
36 Trenant Road, East Looe, Cornwall PL131EP
