

BACK OFFICE HOURS SPENT ON THE LOOE GUIDE 2018

25th April 2018

It is very difficult to provide an accurate figure as this work was carried out in between the normal day to day running and activities of the Council.

Added to this, at least 50% of the work to source adverts was carried out by Annette, Laura and Lucy in their own time, out of office hours, which also explains how the work was fitted in to our normal working day.

I would estimate that a maximum of 37 hours was spent putting the guide together and invoicing the advertisers.

The cost would therefore be approximately £600 - £700
