

We will never forget!

Looe showed great respect on the first anniversary of the death L/Cpl Paul Upton who was killed on active service in Afghanistan on 25th February 2009. The Town Council who funded and organised the event would like to thank the Looe Royal British Legion and the Harbour Commissioners for all the help and support they gave to ensure that this important event run so smoothly. The Town Council would also like to thank Rev Brian McQuillen for organising the service and all the Residents and other Town organisations who all turned out in force to ensure that this Town will never forget the great sacrifice that L/Cpl Upton made for his Country and this community.
