

Name of Organisation or Group: Looe Development Trust

Purpose of Organisation or Group: Main Fundraising charity in Looe

Purpose of Application: Annual request for funds to provide festive lights throughout the Town

Total Cost of Project:£2000+ per annum

Date: 4/10/2023

Description and Value of Funds from Received / Pledged from Other Sources (Identify Sources)

Annual payment received from West Looe Town Trust £500

List Other Sources Approached for Donation/Grant Support -

Value of Donation/Grant Requested from Looe Town Council: £1500

Describe how the Project will be Sustained in the Future:

The provision of festive lighting in the Town is solely reliant on the donations from West Looe Town Trust and Looe Town Council and the "labour" is provided by volunteers who are (as we all are) aging and it is not known how much longer this facility will be available to the Town. Professional electricians are utilised where legally required

Suggestions have been made that the Town Council take over fully the responsibility in the future.

Copy of past years accounts are attached. Funds held are intended for the replacement of catenary wires and fixings in Fore street which needs to be done this year.. Lighting of the north side of the bridge is also a continuing problem, due to the generally inclement winter weather and the lamps were replaced in 2022.
