

Report Jim Candy

This will be a brief report, as I get up to speed.

More news is expected on the Polpero Road landslip, and other landslips in West Looe

I have had a huge number of issues with refuse bins instead of sacks, missed collections etc.

There was a bus timetable meeting on Friday, have you any thoughts?

Have there been discussions on 20mph through the town?

I have had introductory meetings with W Looe Town Trust, the Harbourmaster, and a curtesy visit to E Looe Town Trust

I have received initial details of Community Chest funding recently

Your Town Clerk has told me I can use the meeting area by prior arrangement if I need to see a resident about confidential issues, for which I am grateful.

Thanks

Jim
