Mayor's and Deputy Mayor's Report November 2024

Looe Army Cadets

The Mayor attended the Looe Army Cadets open day on November 2nd and met with the officers and some of the cadets who demonstrated some of the equipment and activities that they undertake.

The Cadets has recently started up again in Looe and is keen to grow its numbers.

Remembrance Parade

The Mayor, Deputy Mayor and representatives of the town attended the annual Remembrance Service organised by the RBL at the town's War Memorial. Unlike last year the weather was kind to us and the turnout of local people and visitors was impressive.

Thanks are due to the RBL, the Reverend Ben Morgan Lundie and the St Pinnock Band.

Meeting with Anna Gelderd MP

The Mayor and Deputy Mayor were invited on an informal basis to an event organised by Welcome to Looe and Polperro to meet with our local MP. The objective of the meeting was for her to meet with representatives of the local tourist and leisure industry and answer questions relating to the industry and the challenges that it faces.

The meeting was well attended, and a number of significant questions were put to the MP which hopefully will give her a greater understanding of the local situation.

Meeting with Martin Straus, Deputy Mayor of Taunton

The Deputy Mayor had a useful exchange of views and information with Cllr Straus, mainly concerning the sharing of visitor information.

Creative Looe

The Deputy Mayor has been involved with the start-up of a new collective for creative talent in Looe and area. This is the subject of a separate report to this meeting.

Fireworks Fundraising

The Deputy Mayor joined Cllrs Simon Barker and Michala Powell at an event to support the New Year's Eve fundraising at their own expense.

We are of this place – Looe Valley Festival April 2025

The Deputy Mayor attended a meeting in Liskeard to learn about this festival and to ensure collaboration with Creative Looe. Cllr Jon Holmes and the Town Clerk represent the Town Council on the festival working group.

Business and Learning Initiatives

The Deputy Mayor continues to chair the Council's Working Group on which there is no dedicated report to Council at this meeting. Work on the agreed four pilots continues.
