Purpose of Grant

Towards the costs of annual Lighting displays in Looe

What will the grant be used for?

Eligibility

The lights in Looe at the Christmas festivities are known UK wide and bring visitors to the town.

Please explain how your project directly benefits the people of Looe.

We expect applicants to provide match funding equivalent to the level of grant they are requesting. How will this project be match funded?

This is an annual grant request without which the lights would not happen

Have you received any funding from the Town Council previously? If so please provide details of the value of the grant (s) and the date the grant (s) were approved.

This is an annual grant request and has been funded at the same amount for many years

Please explain how your project will support our vision for an improved quality of life and environment for Looe as a great place in which to live, work, visit and invest.

See above.

Costs

What is the total cost of the project: Varies according to the requirements of legislation regarding best practice and safety. Last year we had to replace catenary wires in Fore Street. Before the lights are installed an inspection by a professional has to be made of all wiring, lights and fixings to ensure that they meet current legal standards

Amount of grant requested

£1500. This has been requested at this level for many years. Our reserves are being eroded year on year because of requirements to maintain the equipment in a safe condition. The salty sea air makes this an ongoing task.

If any single item exceeds £1,000 how have you identified that this is the best price?

Description and Value of Funds from Received / Pledged from Other Sources (Identify Sources)

We have traditionally received a grant of £500 from WQe4st Looe Town Trust and an application has again been made to them
